This is a time when even industry insiders are looking for that artist who creates a New Empire in the world of hip-hop. Yet, with almost 5 years of grinding since he was shot 3 times in his front yard and hustling the streets to hustling corporate america his first album is the most street anticipated album of the year, Tha Bank has proven that Indepent Labels can still stand against the Major Labels. The smash club single "MONEY WALK" is the hottest dance song of 2009."SWAG" is a single that has taken many to realize THA BANK is the authentic artist they have been waiting for. "I am a story teller people believe in me and my product and my product is THA BANK I am my own brand," says Tha Bank. In addition to his music, Tha Bank has also made appearances in videos,print, and television. Yet, while he has traveled from Los Angeles to Texas and Florida promoting, Tha Bank insists, "Promoting my Money Walk single will never stop me from writing my own music and creating hot joints in the studio."For Platinum In The Streets, Tha Bank teams with BD(Memphis Track Boyz) and hot producers Mo Jones and Goodie to create an album that can compete with any other beats on the radio in the clubs or running the streets. "I am the Reggie Bush of the NML(National Music League). For me, it's all about respect. I'm not trying to be one of those rappers who are already out, these rappers are repeating themselves and there first albums, that's why they become stale.no new energy" listen to these words, Tha Bank Ent is the New No Limit of the next 10 years
