### BIO

Who is Young TR????????????? TR a young, unique, and talented \*Producer, Artist, Writer, Ceo, Businessman, Hustla all in 1...."Captain Planet"... lol ok I'm all that and plus so more but if I keep describing me (you'd probably grow old tryna read).... Im MEMPHIS 100% AND 10000000000% REAL... Not saying real as all these local jokers do... But real as in I believe and in Loyalty, Honesty, Brotherhood, Heart & Obedience<<<<(guess thas right)...Been doing beats since the age of 12, I started to develop and really create my on style... Out of a 100 producers you hear, generally only about 5 truly love and appreciate music... Not saying I dont enjoy the money, but thats not a reason to call your self a musician.... I musician loves their craft unconditionally, true enough "The Green" gives me a good reason to keep going, music just runs through me "Broke or Rich".... Not saying Im the best, but I feel that im my only competition in the world and the only way I can lose is if I beat my self.....I can pretty much do ANY GENRE of music... but i prefare (RAP & HIP-HOP) . As I learned more about the buizz, and went through a couple of "RINKY DINK" OR "NOT STRUCTURED" labels...I decided to see wat I can do in the buizz, therefore creating "HUSTLA MUSIK INC." I have work with countless artist, producing 4 Cd's, over 100 songs, and beats for dayz...Now 2008, Im launching a "H.M.I" production team, and preparing to distribute a # of albums including my long awaited album "Born to Win" and A EXTREMELY HOT LINE OF MIXTAPES!!!!!!!!!! THE IMMIGRATION with apperances from some of the must talented UNSIGNED hype on the streets!!!!!!!!!! HATERS WE DONT HEAR YOU.... YOU GOTTA GET LOUDER!!!!!!!!!!!!!!
